## PAIGE

The Standard of Value and Quality

## "Value and Quality"

We have persistently claimed that the New Series Paige Fairfield "Six-46" offers more actual dollar-for-dollar value than any other motor car on the American market.

This is no mere exaggeration. It is a deliberate, cold blooded statement of fact, and can be proven with mathematical precision by any comparative investigation.

If you are interested, we ask you to compare the "Fairfield" with any other motor car—at any price.

Put the two cars side by side. Check them up, feature for feature. Pay attention to the small details quite as well as the big ones. Then, be guided by your own judgment.

On this basis we are quite content to abide by the result. You will find, we believe, that each dollar of your automobile investment will go farther if you select a Paige.
